

LOVORIAH

AI-ready mockup photography for print-on-demand sellers

Commercial-Ready License

Granted automatically with every mockup purchase. This document summarises, in plain language, what you're allowed to do with Lovoriah mockup images and AI-restyled outputs once you've bought them.

LICENSE TYPE	DATE ISSUED	SCOPE
Commercial-ready, per mockup	June 20, 2026	Worldwide, perpetual

What you can do

- Use any purchased or AI-restyled mockup image on your own product listings — Etsy, Shopify, Amazon, your own storefront, or any other sales channel.
- Restyle the same purchased mockup as many times as you like, including by uploading your own design artwork to replace the blank canvas.
- Use the finished images in paid ads, social posts, email marketing, and other promotion for products you sell.
- Resize, crop, colour-correct, or otherwise further edit the downloaded image for your own listings.
- Use the finished images indefinitely — this license does not expire and does not need to be renewed.

What you can't do

- Resell, redistribute, or sublicense the blank mockup files themselves, with or without AI restyling applied.
- Repackage Lovoriah mockups, restyled or not, as a mockup product, template pack, or stock-photo offering of your own.
- Claim the underlying mockup photography itself as your own original creative work.
- Use a mockup to represent a product you do not actually sell, in a way that could mislead buyers.
- Use the imagery in connection with content that is unlawful, hateful, or infringes a third party's rights.

Ownership of your uploads

Any design or artwork you upload to be placed onto a mockup remains entirely yours. Lovoriah does not claim rights to your uploaded designs, and does not reuse them in mockups shown or sold to other customers.

Attribution

No attribution or credit to Lovoriah is required on your finished product listings, packaging, or marketing.

This document is a plain-language summary intended for small print-on-demand sellers and is provided as-is with each mockup purchase. It is not a substitute for a lawyer-drafted license agreement; if you require formal legal terms for a specific business use, please have counsel review before relying on this commercially.
